Council Will Spend \$2,500 To Lay Out Recreational Park For Future

On Wednesday, March 27th, the Council of Anson, Hindon and Minden met in the Council Chambers, with all members present.

One big item on the agenda was the motion by Roy Windover to engage Canadian Mitchell Associates Ltd. to prepare a park plan for the Minden Recreational Park, which Council purchased recently.

This plan will consist of all the facilities a recreational park should have, such as Arena, ball park, track, swimming pool, football field etc.

This plan will cost an estimated \$2,500.

The following are some of the motions made during the meeting:

Moved by M. S. Vasey that the clerk write the Dept. of Highways Huntsville, asking for the type of business operation

that they would approve along the By-Pass running through the village of Minden, so as the Municipality can re-zone accordingly.

Moved by Roy Windover that the Council of the Municipality do approve and agree to apply to rezone area situated on Part Lots 3 and 4 con. A on Highway 35 for the B.A. Oil Company. This rescinds resolution of March 13th, 1968.

Moved by M. S. Vasey that the council of Anson, Hindon & Minden authorize the following accounts, for repairs to the Water Mains and Hydrants, be paid from the reserve for Contingency fund; Wm. Jackson \$287.50, McKnights Haulage \$583.75. Carried.

Moved by Roy Windover that the Corporation of the Townships of Anson, Hindon and Minden do hereby agree to take over

the operation, maintenance, and and perpetual care fund of the Minden Cemetery from the Symon of the diocese of the Anglican Church of Canada. Carried.

Moved by M. S. Vasey that this Council authorize the road Superintendent to arrange a survey on sewer installations and repairs on Main St. for Construction in the year 1969. Carried.

Moved by Roy Windover that the clerk write the Dept. of Transport requesting that a member of that Dept. attend a meeting of this Council to discuss and inspect sites for boat launching ramps. Carried.

Moved by Reg. Booth that Council do hereby request that the Recreation Committee make a donation on behalf of the Municipal to the Minden Minor Hockey Association of \$50.00 in recognition of their efforts during 1967-68. Carried.

MINDEN BANTAMS BOW OUT OF ONTARIO PLAY-DOWNS

On Saturday night in Haliburton the Minden Bantams went down to defeat by the tune of 4-2. Shomberg defeated the locals in a fast thrilling game before some 500 fans.

It has been a good season for the Bantams, as they started way back in October and finished this week, after playing in the Ontario Semi-finals.

Scoring on Saturday evening was Dunn with two, Black and Oldfield with singles for Shomberg, while Bev. Hicks and Jeff Campbell tallied for Minden.

Eleven penalties were handed out, Minden drew seven of these.

Pictured to the right is Don Campbell, Minden's Mr. Minor Hockey. Don did a big job coaching this years Bantams into semi-finals. Don as President of the Minden Minor Hockey Association spent much time organizing and working with the youngsters of the community.

On behalf of the community and the parents, we thank you Don for a job well done.

HERE AND THERE

by FENWICK FINCH

As you can see by Mrs. Matalas' letter we are a little slow around here — just about a month. However, her letter finally made the paper. Included in her letter were a few "squibs" for my use. So, for the length of time they last I'll throw them in at the end of the column.

* * * *

The mail bag also had a letter from Toronto taking me to task for mentioning the "driving tourists". The letter said in part — "don't tell me you're going to tee off on the drivers from out of the County again this year — haven't you realized by now that you people up there "Live off these drivers" and so on.

I couldn't agree more — we do "live off them" but that doesn't mean "we have to die with them." A little common sense on speed etc. would go a long way towards preventing these serious accidents which crop up every year.

* * * *

Still in the mailbag — a nice letter from Tom Farmer extending an invitation to join the "creative writing" club if, and when it is formed. Thanks Tom for your interest and invitation — if there's room I'd be more than interested to belong. I'm ashamed to admit it but I didn't read enough papers to find out that this course was being offered at the Haliburton High School. If it's there next year I'll be out.

Incidentally Tom's letter was addressed by a cartoon of "Fenwick" and very well done it was too — as well as being a writer, John is no mean artist.

* * * *

You never realize just how small some people are until you write something in a column. It usually turns out to be the old saying — You're damned if you do and damned if you don't."

In the mail, my column mentioning the "amateur photographers" in the Minden Area resulted in a stinging rebuke from the Kenlin Studios in Lindsay and the paper, as a result received the following instructions — "cancel our ad and our subscription". I believe the ad was worth about \$1.00 a week but that's gone — The publisher may have to struggle a little harder to keep his head above water but, Kenlin studios aren't going to gain anything by being so narrow and small — ah well, it takes all kinds.

* * * *

While on the subject of mail — I'm surprised "Chester" hasn't come up with something — maybe he's ill (nothing trivial, I hope.) All we can do is wait — he may crawl out of the woodwork.

* * * *

One of my "sparring partner's little gems."

It happened in Minden. A wolf is taking a girl home and he says, "May I tell you something? I love to take experienced girls home."

She replied, "I'm not an experienced girl!"

"You're not home yet," he chuckles.

There'll be more to come.

* * * *

That's it for this week. Until next week, think about this. You're lucky you ain't as dumb as a friend of mine who, after watching the toe dancers at the ballet, tried to figure out why they didn't just get taller girls.

* * * *

See you next week — drive carefully — so's you can Park your car — not, pile it up.

* * * *

Fenwick

LETTER TO THE EDITOR

March 11, 1968.

Dear Sir,

Congratulations to you on your February 22nd issue.

It was exceptional from the Front Page story of Mr. Lawrence Pritchard to Mr. Ray Lawrenson's letter suggesting donation boxes for the Minden Arena.

Your editorial too was excellent — I'm hoping the so-called "Hunters" read it with as much enthusiasm as I did — or do you think they can read ???

You are really making "Progress".

Chester may think I'm weakening (Hardly) but I'm keeping this issue to read again.

Congratulations to the Minden Bantams and the Polaris Snowmobile team.

That photo of Fenwick convinced me he's really a "tough hombre", so it's back to the Karate chopping board for me.

Happy St. Pat's day to you all, Your Sparring Partner, Mrs. James Matalas. Toronto, Ontario.

MINDEN AREA WEATHER

Month of March

by Phil Graham

Average high	40.7
Average low	16.3
Average for month	28.5
Rainfall	1.09 in.
Snowfall	15 in.
Total Precipitation	2.59 in.
Snow on ground March 31	0
Snow on ground March 67 — 8"	
March of 1968 averaged 5 degrees warmer than March 1967.	
Ice on lakes averages about 12 inches but is beginning to break open at shore lines due to lake levels rising.	

ROTARY CORNER

A very interesting evening was had by the Rotary Club on Monday evening, Mr. Ray Stinson of Haliburton was the guest speaker, showing some interesting films on Air Pollution.

The second ballot was cast for the new officers for the coming season. Alan Greir will take the Presidents chair, while Arvo Kaasainen will be vice-president. Directors will be Harry Cowen, Charles Brandon, Bob Minto, and Vinton Loucks.

Percy Brintnell who will be off for Mexico with his wife on a vacation was appointed voting delegate at the Rotary International Convention held in Mexico City.

Two big evenings are planned for next month. On May 13th the Minden Club will host the tri-club meeting, which will be held at Lacarno on the Lake.

On May 28th the Rotary club will stage a Spring Frolic at the Haliburton Legion. This will be an evening of dining and dancing. Music will be supplied by the Blue Echoes, the very popular group which played last fall, at Lacarno on the Lake. The proceeds of this evening will go towards Minor Hockey in Minden.

That's it for this week, see you at Bingo on Thursday.

NEWS OF THE MUSIC WORLD

Every Saturday, CBC METRONOME brings radio listeners news of the music world from cities and towns across Canada with interviews and musical illustrations. Hosts for this CBC radio network program are Alan Millar (left) and George McLean.

ALL ABOUT PEOPLE AND THINGS

Hats off to **DON CAMPBELL** and his Bantam Hockey team. The team, although eliminated from play on Saturday evening, represented Minden well throughout the year, and can be congratulated on their fine effort and sportsmen-like play. While on the topic of hockey, we talked to **MARK VASEY**, our councillor and insurance agent here in Minden, he tells us that the last debenture will be paid off on the old arena this year. Plans are already underway for the development of the 85 acres, council purchased for recreation use at the Fair grounds. A new arena could very easily be in the planning in the near future. While on the subject of council, it was good to see some of our town Fathers at the Hockey game Saturday night, Reeve **CHARLES BRANDON** was missing, however he is still probably recuperating from his journey down California way. Talking about vacations — times must be good, for such a little community we sure have our travellers. **HEINZ STUMPEL** and his wife arrived home a short time ago from a trip to Germany. They visited with friends and relatives, and spent some time in East Germany. While talking about travellers who jumped across the pond, **HARRY AND PHIL CAMPBELL** arrived home from a trip which took them half way around the globe. They took in many places but Australia was their destination. Taking southern vacations we find that the **PALMERS** enjoyed three weeks in Florida, also visiting the sunny state was **ROY WINDOVER** and his wife. **JIM ELDER** and his wife. **LOYNE COX** took a junket to California this winter and visited his son. **DR. GRIF-FITHS** and his wife had an early vacation to the south, and we find our good friend **KEN CURRY** and his wife are still enjoying the warm climate, in that state. We heard from **AL McMULLEN** of Hospitality Inn this past week, he will be heading north in mid-April. AL has had a fine year playing ball for the Half-Century Softball Club in Florida. AL finished second in the batting average department with .490. The local ball club had better get ready to sign Al up soon as he hits town. A couple of weeks ago we had a picture of **KEN HILL** of Newmarket and a 15 lb. 4 oz. Lake Trout. He was in last week end and said he caught a 35 lb. Lake Trout in Hall's Lake. We didn't see the fish, but at that size, someone must have? **SAM LABARGE** was telling us recently that he celebrates his 69th birthday this spring. That's pretty good for Sam since he can still out-run all the gamewardens in the county. Mr. **REID W. FORSEE** and his wife were both killed in a car accident on the weekend on their way here to Haliburton County. Mr. Reid is a summer resident here on Kushog Lake just below Ox-Narrows. This was shocking news to their many friends here in the Highlands, they will be greatly missed in the months ahead. One last thing to leave you with, **WILLIAM MAHONEY**, head of the Canadian branch of the United Steel workers of America, thinks that there will be many labor problems in 1968. He thinks that there may be strikes because of increased taxes. So taxes bring strikes and strikes bring taxes. And prices follow both. It is about time the government showed some strength with the unions, what do you think?

EXTENSIVE HIGHWAY REPAIR

PLANNED FOR

VICTORIA - HALIBURTON

Extensive road work is planned for Victoria and Haliburton Counties by the Ontario Department of Highways' this year.

The anticipated expenditure for work in the province this fiscal year is \$162 million — over \$8 million more than was made available last year.

Two curves just south of Cameron on Highway 35 will be changed and improvements will be made at the intersections of County Road 19 and Highway 35 about a mile south of Cameron and County Road 9 and Highway 35, 2½ miles south of Cameron.

Some paving is planned for Highway 35 near the intersection of Highway 121 and intersection improvements will be made at the intersection of Highway 45 and County Road 8 for Argyle.

New paving will be done from Bethany to Highway 115, on Highways 7A, excluding a short section in Cavan.

The intersection of Highway 35 and 7B, near Lindsay will be improved, as well.

A short section of Highway 503, about 10 miles north of Kirkfield will receive grading, drainage and a granular base.

Improvements will be made to an 8½ mile stretch of Highway from south of Dorset, including structural improvements to the bridge at Ox Lake Narrows. Work is planned also for 4½ miles of Highway 35 from 3.7 miles north of Norland, northerly, including bridges at Moore Falls.

Structural work and improvements to the approaches of the Drag River bridge on Highway 519 in Haliburton is planned and work will be done on a one-mile stretch of Highway 519 from the West Guilford Road in Eagle Lake, northerly.

Clearing work is planned on Highway 35 for six miles in the Carnarvon area and for over seven miles on Highway 35, south of the junction of Highway 121, near Norland.

Improvements to the structure and approaches to the Drag River bridge three miles south of Lochlin is planned, along with clearing in the area.

An eight - mile section of Highway 47 from Goodwood to the southern limits of Uxbridge on Brock St., from Toronto St. to the eastern limits of the town.

SPORTS

WITH BOB BEENEY

The Minden Bantams ended their 1967-68 season last Saturday night when they suffered a 4-2 defeat at the hands of Schomberg. It was a two out of three series and it took Schomberg the full three games to knock out the surprising Minden team.

Down 4-0 at the end of the second period the team staged a comeback that came too late in the game and managed to score two goals.

Once again it was the line of Bev. Hicks, Jeff Campbell and Bill Leary that provided the scoring punch. Although the whole team played very well it was this line that sparkled throughout all the playoff series.

A crowd of almost 300 people witnessed the final game and it almost seemed like old times to have so many ardent hockey fans rooting for the hometown team.

The Bantam team sparked local interest in minor hockey this season and this was accomplished only through hard work and a spirit to win.

At the start of the season fans counted on the Bantams to be the best balanced team and likely the team to go the farthest out of all the teams in the Minden Minor Hockey Association. However the team had a mediocre start and didn't seem to be as successful as was expected.

The team although of "E" classification played against teams in a league that were rated in the "D" class.

As the season progressed nightly practices paid off and the team took shape. Nearly all of these players had come directly from Pee wee ranks from the year before and if the age ruling hadn't been changed would still have another year as Bantams. The team will likely move into the midget ranks for next year because of the age change and should be a stand out next year for the midget crown.

The Bantams have shown this year that hard work and extra ice time pays off and the team deserves a lot of credit for their fine work.

This has been the best year minor hockey has enjoyed since the association was formed.

More younger kids started this year more than ever before and their progress has been remarkable.

The novice team won the Dudman Trophy in Kinmount and the Pee wees after being defeated in the playoffs won a Glen Dart Trophy in Haliburton. The Bantams went to the Ontario Minor Hockey League Semi Finals and the Juveniles went to the finals in their group.

All in all it was a most successful and rewarding season.

LETTERS TO THE EDITOR

R.R. 2 Minden

March 25, 1968

Dear Sir,

Some years ago the City of Toronto was all ajoy over the first airshow to be put on by the Department of Defence using the new fast jet planes.

The day dawned as a perfect September day. Blue skies, cloudless and with an aura of early fall in the air.

A perfect flying day if there ever was one.

I was in my garden hanging out my washing and enjoying a chat with my neighbour when suddenly we were blinded by what seemed to be the sun's reflection on a bright object.

We looked up to see what it was, and there, over the roof of our garage, was an unfamiliar object. A huge silver disc that was motionless in the air.

It resembled a child's humming top instead of coming to a point at the bottom it was flat for landing.

We had heard no mechanical warning of its coming nor did it make any noise whilst hovering there.

This object was about twenty to thirty feet across and round in shape, the underside was fashioned in tiers. At the widest part small oblong windows of an opaque material, of a most peculiar green color were set in, about two feet apart all around.

My neighbour a very nervous person gave a shriek of terror and ran into the house.

I was not at all alarmed but walked down the garden to look around it closer.

I could see no apparent opening for landing gear but the bottom looked as though it was used frequently for landing as it was damaged and scratched in places.

There were no other openings visible such as door handles etc.

It remained over the garage for about ten minutes never moving at all, silent all the time, which was rather eerie.

Then from afar came the whine of the jets approaching on their way to the exhibition grounds.

As soon as the first sound was heard this great object rose straight up in the sky again without any mechanical sound at all.

It must have had incredible speed for although it seemed to just float up it was entirely out

of sight before the jets passed over in what seemed just a minute or two and there was no cloud formation in the sky to obscure it from sight.

At that time flying saucers one's imagination, so I never were thought to be a pigment of mentioned seeing this until one day, I was talking to our Federal member of Parliament The Hon. Robert McGregor and told him about it.

A short time after Bob went back to Ottawa I received a letter from the Defence Dept. asking me if I would send them a description of what I had seen. I did this.

In their reply they stated that I had undoubtedly seen the object that airmen were reporting having seen from afar, but I was the only one who had seen it close enough to give a detailed description of it.

What I had described was certainly foreign to any air ship produced on earth, not only did they not know what it was but did not know from whence it came. They were sure I had seen what is now known as a "Flying Saucer."

Yours truly,

Kay Lunham.

ROTARIANS WORK HARD FOR EASTER SEAL

Pictured above are some of the Rotary members here in Minden as they prepare the literature for their Campaign, which is now underway. Standing at the back is Dr. Fred Griffiths, this years chairman. Dr. Griffiths said Monday evening, "I hope we have good response in our campaign this year, for it is one of the most worthy causes."

WOODS, WATERS AND WILDLIFE

By James Woodford

This is the season when red squirrels lick the drip from broken twigs of the sugar maple.

The very same season, indeed when Ontario farmers — and many suburbanites — drive spiles into the sugar maple's trunk for the annual 40-to-1 shot that they can collect the ingredients for a gallon of maple sugar. In other words, forty gallons of sap boil down to one gallon of syrup.

Actually, since sugar maple sap can test out as high as two and a half per cent sugar, one really should be down to solid sugar at a 40-to-1 ratio, but it doesn't seem to work out that way.

Things have changed some in the woods since the days when Grandpa bored a hole with an auger and inserted a hollowed

length of sumac limb for a spile. In this age of plastics, serious milkers of sugar bush have rigged all kinds of labor-saving devices to expedite the transfer of sap from tree to boiler.

The sugar maple is one of those versatile trees which is as valuable for its summer shade and autumn beauty as for its spring sap. It can become a gigantic tree. In crowded woods where growing space is mainly upward, sugar maples may tower as high as 130 feet. When growing alone it tends to spread its massive crown.

One sometimes hears an argument over whether tapping a sugar maple injures a tree. Apparently tapping has little effect when judged by a human time scale. Perhaps a sugar maple, like the rest of us, must pay in old age for the excesses of youth. But, in the sugar maple, the reckoning comes very late, according to the Federation of Ontario Naturalists, for the tree may live 300 years.

A.C.W. BOWLING NEWS

After 27 days (81 games) of bowling, the ACW Bowling League ended their 1967-68 schedule, Thursday March 28th, with team standings as follows:

Jeanne Sears	108
Robert Walker	98

Nola Danilko	91
Doris Craig	88
Dianne Stevens	87

Coping top honours for the season were; Connie Burke High Average 213, Norma Parrish High Triple 816, Shirley Hughes High Single 335.

HALIBURTON DISCRIMINATED

BY CN CHARGES WOMAN

(Continued from page 1)

Lake women gave them a verbal blasting and charged that the CNR was discriminating against Victoria and Haliburton Counties.

The 72-year-old woman, Mrs. Kay Lunham asked officials why it was one could go on vacation almost anywhere else in the province by rail. She told them the lack of rail service to "this fabulous summer vacation area" was discriminatory. "We are all taxpayers in the CNR. Why should we pay taxes and receive no service in return?"

Mrs. Lunham, who said she was brought up with the railroad, said the reason people stopped using the trains was because the company offered such poor service.

Continuing to grill the two officials, H.J. Past, manager of the Rideau area and D.J. MacGillivray superintendent of express and freight for the Rideau area, Mrs. Lunham asked why they were isolating one of the largest areas in the province. "Are the people not entitled to the same consideration as those living in the Muskokas?" she asked.

DART TEAM WINS AT HALIBURTON

Two dart teams from Branch 67 of the Royal Canadian Legion participated in the Zone F-4 Legion Dart Tournament in the Haliburton Legion on Saturday March 23.

After some real competition the Lindsay team of Doug Worrall, L. Whiteside, Fred Musson and Carl Schroter were successful in bringing home top honours. Kinmount placed second with Omemee taking third.

Teams participating were two teams from Lindsay, two from Kinmount, two from Omemee, and three from Haliburton.

Players from Lindsay were as follows Doug Worrall, L. Whiteside, Fred Musson, Carl Schroter, Ross Burr, Clarke Endicott, and Albert Evans.

Four teams consisting of one team from Lindsay, Kinmount, and two teams from Omemee will participate in the District Finals at Whitby, May 4. Morley O'Neill of Lindsay, Zone Sports Officer, was in charge.

DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular weekly feature prepared by the Family Financial Counselling Service of the Avco Delta Corporation, P. O. Box 2820, London, Ontario. All questions submitted to the above address will be answered, in print or by return mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

Dear Sir: I read your answer to the fellow who bought a used car "on approval" and when he brought it back and said he didn't want the car, he found that he had already signed a purchase agreement which the dealer wouldn't let him out of. I'm in the market for a good used car. Are there some other things I should keep my eyes open for?

R. G.

One thing you should look out for whenever you buy a major item on time can be described in four words that will serve you well:

"Watch what you sign."

Most difficulties between buyers and used car dealers can be traced to a failure on the part of the customer to know — for sure — and to understand exactly what is in the sales contract. Remember, it matters not one whit what the salesman tells you he is going to do. What counts is what's written in the contract. If you have come to some agreement with the salesman about service, or price or special equipment on the car, be certain the details are in the

written contract and don't sign it until the terms are there.

Now, a couple of other things to look out for:

Don't sign a contract on which all the blanks have not been filled in.

Don't sign carbons or extra copies without checking to see that the terms are the same as they are on the original.

If the salesman takes a contract "to have it approved by the manager," read it again when he returns. How do you know he's brought back the same contract?

Don't be stampeded, either into selecting your purchase or into signing the contract. Make sure the car you buy is the one you want; then, after all the terms of the contract are clear to you take 24 hours to think the whole deal over. Take an unsigned contract home with you and study it. If you have any questions, have them explained to you to your satisfaction before you consummate the deal.

And finally, do business with a reputable dealer. It's your best insurance against future trouble.

HALIBURTON COUNTY TUBERCULOSIS & HEALTH ASSOC. HOLD ANNUAL MEETING

A regular meeting of the Haliburton County Tuberculosis & Health Association was held Monday, March 4, 1968 at the Haliburton United Christian Education Centre with a fine turnout of members and guests.

The President, Mr. M.P. Waddell opened the meeting by welcoming everyone.

The minutes of the February Meeting and the correspondence was read by the Secretary.

Mrs. D. B. Hartle reported that the February, Haliburton Chest Clinic was attended by 54 people. Dr. R. J. Koval signed a permission for signature slip for letters sent to Foodhandlers, Barbers, etc. in Minden and the surrounding area. Transportation was provided for an elderly post san patient to the Haliburton Clinic.

Mrs. B. Howe announced that "Clinical Notes on RD," Abstracts and IBB Posters were mailed. "Clear The Air" an excellent film on pollution will be shown by Mr. W. J. Rae Stinson to the Rotary Clubs. "Point Of View" a smoking film particularly adapted to High School students will be shown at the Haliburton

Highland Secondary School, April 29, 1968, at 2.45 p.m. New health education materials were studied and discussed.

Mrs. M. P. Waddell reported that the Christmas Seal Campaign reached an all time high. Order Forms for 1968 campaign supplies were completed and a subscription to "Horizons" was ordered.

The report of the Nominating Meeting was given by Mr. John Dobbie.

On a motion from Mrs. B. Howe we made a contribution to OTA Research of \$500.00 Outstanding accounts were approved for payment and the meeting was brought to close with refreshments provided by Mrs. D. B. Hartle.

MAYOR EAKINS URGES AT MEETING

UNITE FOR BETTER DEAL FOR AREA

Lindsay Mayor John Eakins in a fiery 20-minute speech in Haliburton Thursday urged a combined effort by citizens of Victoria and Haliburton to fight for a better deal.

"We have sat back too long — it's time we started for our place in the sun," said Mayor Eakins, who added, "We are scheduled to be nothing more than sleeping dormitories for larger regional centers."

Protesting a plan by Canadian National Railways to move their freight and express operations from Lindsay to Peterborough, the mayor condemned the CNR action and told his audience that while the move would benefit Peterborough it would do Lindsay a great deal of harm.

Mayor Eakins called the transfer of CNR services another victory for Peterborough and he said it was time for residents of Victoria and Haliburton to unite and "yell like hell". "If we do not co-operate, we will fall by the wayside."

He said he could see little in the books for either Lindsay or Haliburton. Two years ago Mayor Eakins predicted Peterborough was being developed as a regional growth centre. The mayor said his predictions have borne fruit and the worst is yet to come.

Unless something drastic is done more industry will be lost to Peterborough, said Mayor Eakins, who attacked legislation which he said was taking assessment from this area.

Mayor Eakins said the establishment of the forestry school in Lindsay part of Sir Sandford Fleming College, was just a plum handed out prior to the last provincial election and he objected to the fact that Victoria and Haliburton Counties are on the western fringe of any regional scheme planned.

"Everything we lose only goes to place us in a weaker position," he warned and in repeating his objection to the move planned by the CNR he said the transfer was another step in weakening the area as a potential regional growth area.

He added that the transfer of freight and express operations to Peterborough was the forerunner of the removal of service entirely, and he predicted that within five years there will be no line between Lindsay and Haliburton.

The mayor drew support from Dysart Reeve Roy Brohm who agreed this was the first step towards elimination of rail service between Lindsay and Haliburton. Reeve Brohm told the meeting the Haliburton Highlands will be a tourist Mecca for thousands this year and instead of removing services, the company should be considering the inauguration of new services. He said a commuter

train between Toronto and Haliburton should be considered by the CNR.

William Scott, MP for Victoria-Haliburton said rail service will dwindle with the removal of agents at Haliburton and Fenelon Falls. He said he was one who opposed the removal of the station agent from Kinmount several years ago and since that time, the CNR has lost business there.

Mr. Scott added that the county's highways are overcrowded and pointed out that in the event of a national emergency, more than 150,000 evacuees can be expected in Haliburton County.

LIBRARY MEETING

The Minden Library Committee met at the library on March 25th with all members present.

It was decided to contact George Hewitt with regards to re-shingling the roof.

The committee were very pleased to hear from the County Library with regards to a phone for the Minden Branch courtesy of the Regional. The library is to be open 13 hours per week with signs giving the times placed in convenient places around town and will be open 15 hours per week in July and August.

Hours are every afternoon except Thursday 3-5 and Tues, Thursday and Friday evenings 7.30 - 8.30.

The librarian receives the monthly exchange of books this Wednesday, these being 50 adult fiction 50 juvenile fiction, 25 adult non-fiction and 25 juvenile non-fiction. This gives the reader different books each month and the County Staff work very hard to fill requests as well.
